EXPERIENCE AND EDUCATION

TH Köln — Bachelor of Science [3.7 GPA | 1.3 German Grading]

October 2016 - February 2020 (estimated) | Gummersbach, Germany

Main focus of study is on creating and designing Information Systems.

TH Köln — Teacher Assistant in Web Development Course

March 2019 - August 2019 (estimated) | Gummersbach, Deutschland

Høyskolen Kristiania — Erasmus Exchange Semester

August 2018 - December 2018 | Oslo, Norway

Oevermann Networks — Internship

July 2018 - July 2018 | Cologne, Germany

Gathered experience in developing Interconnected REST and SOAP based Web Services.

FAVORITE PROJECTS

FroYou — Android App

github.com/Fasust/FrozenJoghurtBuilder | Build for the course "Mobile Computing"

Cooperation with a local yogurt store in Gummersbach. We developed an easier way for customers to create and order Frozen Yogurt.

German Valentine — Mobile Game

github.com/Fasust/GermanValentine | Build for the course "Digital Design"

My first project realized with Unity. A game celebrating my favorite German tradition, the "Liebesmaien" tradition.

Caraoke — Web App Prototype

github.com/Fasust/Caraoke | Build during a hackathon at my university

The Hackathon was in Cooperation with Tesla. My team and me designed a prototype for a karaoke machine running on the screen of the Model S.

Frozen Toast — Native Java Game

github.com/Fasust/FrozenToast | Build in my freetime

My very first Java project. A little game with a homemade engine, grafiks and sound effects.
